Merry Happy Birthday Christmas

by HallowsEveWrite, MadeOfSpaces

This is Laurie's birthday song from Zach. I thought it deserved a small moment in the spotlight all on it's own.

Chapter 1

Merry Happy Birthday Christmas

In the quiet of Christmas morning,

Laurie, today’s your day. A new year worth exploring.

Snowflakes fall, the world so still,

I’m here to watch you, I always will.

Happy birthday, Laurie, on this Christmas day.

I'll be your guide, in my own way,

You're not just my baby brother, you’re my best friend,

So Merry Happy Birthday Christmas, so difficult to comprehend.

Under the twinkling stars and the six candle’s glow,

On this Christmas Birthday, our love will only grow.

With each passing year, I’ll be here for you.

As your older brother, I’m here through and through.

Happy birthday, Laurie, on this Christmas day.

I'll be your guide, in my own way.

You're not just my baby brother, you’re my best friend,

So Merry Happy Birthday Christmas, so difficult to comprehend.

So let’s celebrate this day so sweet,

in slow and gentle, loving beat.

You’re not just my baby brother, you’re my guiding light,

Merry Happy Birthday Christmas, through the day and night.
